Our Values

Experience

While Quantum's roots are within the kitchen industry, the care and consideration required to manufacture these units are values that have transferred effortlessly to the production of bedrooms. With over 50 years of manufacturing experience, the expertise and knowledge gained is immeasurable. Quantum's highly respected CEO grew up around the business and many skilled employees have been with the company for more than 15 years. Quantum bedrooms have been through extensive prototyping to ensure exceptional quality, so you are sure to sleep soundly at night. Every bedroom cabinet is made to order, so units meld effortlessly into each room, ensuring a snug, unobtrusive fit.

Reliability

Each Quantum bedroom comes with a full 10-year guarantee on doors and drawers, and a 25-year guarantee on cabinets, drawer boxes and hinges. Giving you peace of mind that not only is your bedroom built to last, it is guaranteed to last.

www.quantum-bedrooms.co.uk/guarantee

Responsibility

Taking on environmental responsibilities, Quantum endeavours only to use wood materials that have been sourced from well-maintained, sustainable forests. All wood waste created during the making of your bedroom is recycled as a source of energy, heating Quantum's factory and offices, consequently reducing Quantum's carbon footprint.

Silverton in Cashmere

Sanctuary

Sanctuary bedrooms are created by Quantum with the care and detail necessary to form a haven, a safe place. For the one room in the home that is unquestioningly yours, there are enough choices included to design a space that you can fall in love with.

Whether you'd like to mould your bedroom cabinets to the room using natural alcoves and nooks or create a more structured look by opting for a free-standing wardrobe, a solution can be created to suit both your home and design preferences.

Quantum bedroom furniture doesn't stop there. Entire dressing rooms can be fitted out and walk-in wardrobes are designed for you to make the most of your space.

With robes sorted, the rest of the room can be fitted with window seat storage, desks, drawers and bedside cabinets to finalise the theme and complete your room set. Having thought of every detail, your Quantum bedroom will become your sanctuary.

Linden

Unassuming ease is offered through Linden. The laid-back texture of the doors allows bedroom furniture to become a welcoming feature. With the option of bi-fold or pocket doors, this enables large wardrobes to be included without taking up the entire room. With both colour and woodgrain options available, this door style is versatile and practical, with the option to combine colours, or even door styles.

Colour: Glazed Halifax Oak & Porcelain

Design Tip

Add theatre to your bedroom by adding a secret ensuite or walk-in wardrobe, concealed by elegant pocket doors and designed to look like a free-standing cabinet. Surprise your guests or simply enjoy the secret for yourself. Linden will keep your bedroom looking seamless and sophisticated, whilst keeping your en-suite or wardrobe hidden in plain sight.

Dressing Rooms

For those who know they never have enough space for all their belongings, there is finally a solution. Your walk-in dressing room can be designed around your exact needs and lifestyle. With numerous compartments and options, you can ensure all your belongings are organised in a space that is purely for storage. With a dressing room that fits your specification, everything you need can now be kept in one multi-purpose space.

Colour: Marone Casella Oak

Design Tip

Your dressing room should show off your personal style. Think about using open displays to showcase your clothes and shoes for an orginised look or even include an array of bespoke accessories, custom-made just for you. Of all areas, your walk-in dressing room should be uniquely yours, so be bold, let your creativity run free and build the space you've always wanted.

Pocket Doors

For space-saving ideas, pocket doors are the ideal solution. Able to retract into the cabinet so doors don't take up valuable space, these designs are great options when working with apartment style rooms or other small spaces. Pocket doors are also particularly valuable when looking to include functional furniture, such as desks, wardrobes or even hidden ensuites. They allow cabinets to become versatile and develop beyond traditional bedroom design.

Bi-Fold Doors

To expand your space and have total access to the entirety of your wardrobe, bi-fold doors are the answer. Without intruding too far into the room, they are ideal for double wardrobes or media units that span a wide area. You can unlock all the possibilities for your bedroom design with bi-fold doors, as they successfully open up your space without stifling the environment.

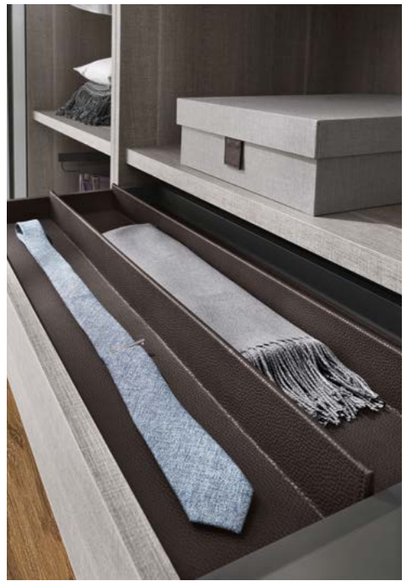

Accessories

It's the small touches that often make the greatest difference when it comes to bedrooms. Lighting placements and internal layouts can completely transform how you organise and use your available space.

Quantum bedrooms are built in England, using proven manufacturing techniques and the highest quality materials. With 50 years of manufacturing experience, you can be sure that you are purchasing an exceptional bedroom. The strictest of quality control measures have been put in place to ensure that your made-to-measure bedroom only leaves the production line once it has undergone a series of vigorous checks.

Quantum bedrooms all come with a full 10-year guarantee on doors and drawers, and a 25-year guarantee on cabinets, drawer boxes and hinges. In the extremely unlikely event that, subject to wear and tear, any of the cabinets, doors or drawer fronts should fail, we will repair or replace the faulty item(s) at no expense for a period of 10 years from the date of installation.

Full terms and conditions available on request.
